CLENERGEN INDIA PRIVATE LIMITED, A WHOLLY OWNED SUBSIDIARY OF CLENERGEN CORPORATION OTC BB ("CRGE") APPOINTS MOHANLAL AS ITS NON EXECUTIVE DIRECTOR.

Commenting on the appointment, Mohanlal said:

"Today, Clenergen India Private Limited (www.clenergen.com) has been able to match proven technology for producing renewable power, with proven agronomy for producing sustainable renewable fuel. Clenergen intends to reforesting the landscape of South America, Africa, India and SE Asia with energy crops, taking their rural populations out of poverty and giving them sustainable electricity for their townships. In the near future wood will be the source of renewable diesel for their tractors, bamboo furniture for their homes, fertilizer for their lands and chicken meat and eggs for their children. The overall effect will be a reduction in harmful gases, a reversal of the effects of Climate while reducing the effects of climate change by providing wood for coal fired power stations. My home State of Kerala is described as "God's own Country". God's gift to you today is the Green Gold of wood. I am proud to have been appointed Non Executive Director of Clenergen India Private Limited" (www.thecompleteactor.com).

Mark Quinn, Chief Executive Officer, said

"Mohanlal is considered to be in the top 100 people (in an opinion poll conducted by Readers Digest, India, March 2010 issue), as being trusted by rural and urban populations across India. By joining Clenergen, he has shown his commitment to help alleviate the standard of living of small rural communities across India and reforestation marginal land through the cultivation of Energy crops for power, construction and furniture. We are honored to have received his endorsement in support of the Clenergen business model".

About Clenergen Corporation

Clenergen Corporation is a publicly listed company on the OTC stock market (symbol CRGE). Clenergen offers strategic Clean Energy Generation and sustainable fuel supply projects to address the requirement for renewable and sustainable supplies of power. Clenergen has developed a unique supply of fuel for use with gasification, combustion steam, pyrolysis oil and pelleting technologies.

PRESS RELEASE

By using proprietary and mixed biomass feedstock to implement sustainable supplies of **clean energy** to regional, Captive End Users, Mining Companies and through Government or Privately Owned National Grid Systems. The "Distributed Environmental Power System" marries significant proprietary advancements in plant science with proven long standing engineering technologies to achieve this goal. www.clenergien.com.

Notice Regarding Forward-Looking Statements

This current report contains "forward-looking statements," as that term is defined in Section 27A of the United States Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Statements in this press release which are not purely historical are forward-looking statements and include any statements regarding beliefs, plans, expectations or intentions regarding the future, including but not limited to our ability to complete the acquisition and establish our company as one of the leading biomass power and feedstock companies globally.

Actual results could differ from those projected in any forward-looking statements due to numerous factors. Such factors include, among others, the inherent uncertainties associated with clean technologies; changes in the operating costs and changes in economic conditions and conditions in clean technologies. These forward-looking statements are made as of the date of this news release, and we assume no obligation to update the forward-looking statements, or to update the reasons why actual results could differ from those projected in the forward-looking statements. Although we believe that the beliefs, plans, expectations and intentions contained in this press release are reasonable, there can be no assurance those beliefs, plans, expectations or intentions will prove to be accurate. Investors should consult all of the information set forth herein and should also refer to the risk factors disclosure outlined in our current and periodic reports filed from time-to-time with the Securities and Exchange Commission.
